

Lights, Camera, Action!
Using Wildlife Cameras for Conservation

Pete Steckler

NHACC Annual Meeting
November 5, 2022

**Northeast
 Conservation
 Services**

Outline

- Why use Wildlife Cameras?
 - For Wildlife Crossings
 - For Land Protection
 - Supporting the Protection of Wildlife Corridors
- Wildlife Cameras: the basics
 - Equipment
 - Settings
 - Setup
- Questions/Discussion (ASK ALONG THE WAY!)

HC600 HYPERFIRE

Summation of Wildlife Passage at Road Crossings Thanks to Wildlife Cameras

Size Class	Structure	Species
Small underpass	Pipe, box, and arch culverts; 3-6' wide and < 8' height	Mink, otter, long-tailed weasel, groundhog, raccoon, skunk, fox, fisher, bobcat, coyote, black bear, Canada lynx, pine marten
Medium underpass	Larger culverts between 5' and 8' width and >8' height	SAME AS ABOVE + <u>deer</u>
Large underpass	Bridge spans, large culverts > 10' wide, > 8' high	SAME AS ABOVE + <u>moose</u>

Camera Trapping to Advance Wildlife Connectivity Implementation in Coos County, NH

A report to the SCC Conservation Grant Program

TNC-011 29741n~ 24F

April 22, 2016

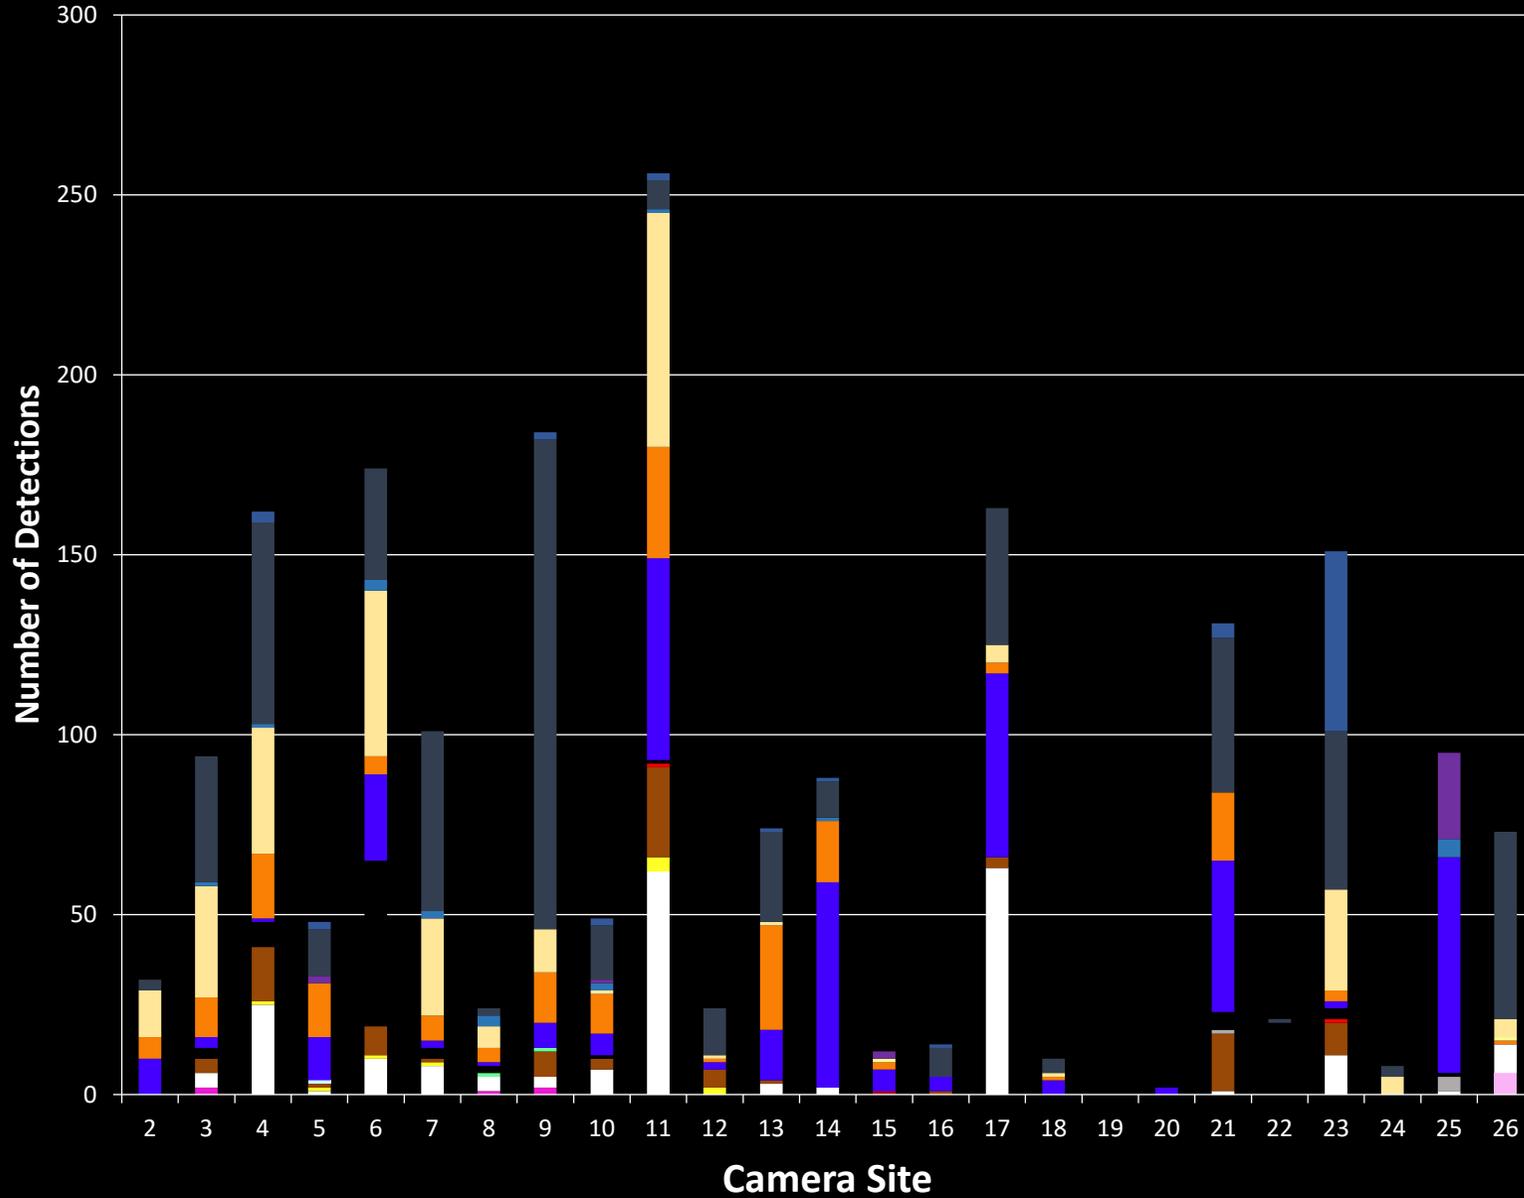

Conducted by:

Peter Steckler, The Nature Conservancy, NH Chapter
 Arianna Spear & Timothy Norton, University of New Hampshire Interns

This project is supported by funds from the sale of the Conservation License Plate (Moose Plate) through the NH State Conservation Committee grant program.

Species Detections by Site

- Eastern wild turkey
- White-tailed deer
- Weasel (spp.)
- Striped skunk
- Snowshoe hare
- River otter
- Red Fox
- Raccoon
- Porcupine
- Moose
- Mink
- Groundhog
- Fisher
- Ermine
- Eastern coyote
- Bobcat
- Black bear
- Beaver

Understanding Wildlife Corridors

Wildlife Camera Equipment Basics

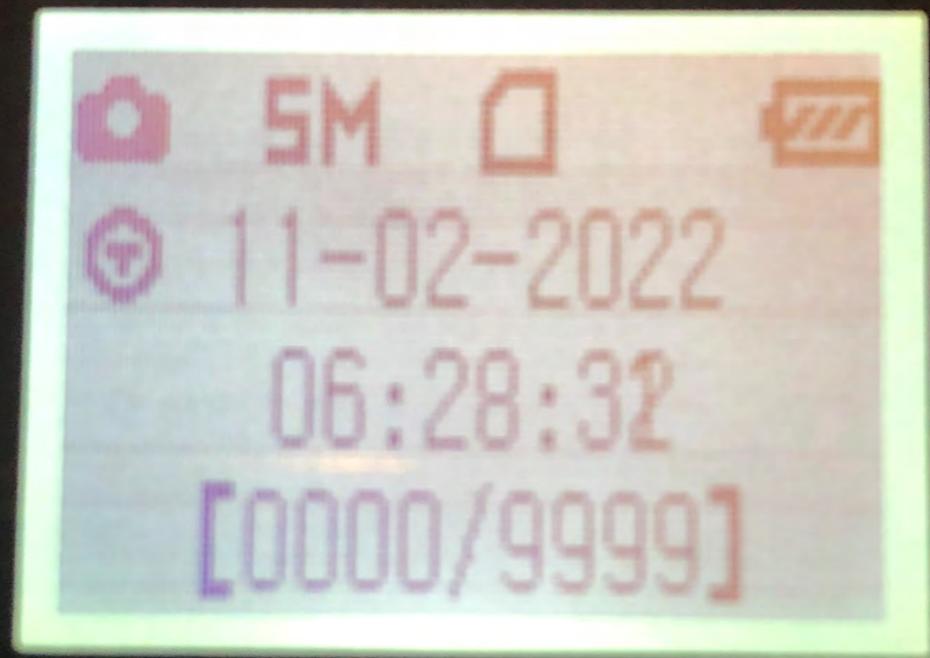

- Camera
- Lock Box
- Cable Lock (+ keys!)
- SD Card (2)
- Batteries (Lithium)
- Fastening hardware
 - Lag bolts + drill with bit
 - Strap (caution!)
- Equipment bag with WD-40, bolt cutters, hatchet/ loppers/machete, SD Card reader

Wildlife Camera Basics

SETUP

What are your data
collection goals?

Approach

- **Site Identification**
 - **Site Diversity**
- **Site Permissions**
- **Constraints:**
 - **Mounts, vegetation, false trigger management, theft avoidance**
- **Photo Cataloging**
 - File Name, Date, Time, Air Pressure, Temperature (Fahrenheit), Moon Phase, Species (Common Name), Confidence, Number of Animals, Direction of Movement, Weather, Cataloger Name, Comments

Learning as you go

Wildlife Cameras: Lessons Learned! (1)

Label your equipment!

- Camera number on each:
 - Camera
 - Lockbox
 - SD card
 - Key
- Your contact information

Wildlife Cameras: Lessons Learned! (2)

- Camera setup – take your time and to get the shot you want!

Wildlife Cameras: Lessons Learned! (3)

- **Where to setup?**
- **Camera settings**
 - **Sensitivity (false triggers)**
 - **Flash (under/over exposure)**
- **Challenges**

Wildlife Cameras: Lessons Learn! (4)

○ Data Processing

File Name	Date	Time	Pressure	Temp	Moon	Species	Confidence	# of Animals	Direction	Weather	Cataloger	Comments
